Sommario/riassunto	It is not hard to be a research active academic, or to build a research group, or to create a research culture. Here are sensible strategies available to everyone, and that empower everyone in higher education. Seizing the opportunities, refusing to be a victim, and <i>&</i> most importantly <i>&</i> learning how the system works, are among the strategies available to anyone motivated to succeed. This book takes a radical, unstuffy look at higher education. It is of interest and relevance to anyone working in the higher education sector. Based on the authors' research on research groups, and on their experi
