Freedom, Risk and Constraint: Creative Design Learning; 5 On Not Being Able to Write: The Visual and Verbal; 6 To Infinity and Beyond: Expectations and Experiences of Technology; Conclusion; Glossary; Bibliography; Index

Sommario/riassunto

Design Education encapsulates and analyses the research findings facilitated by the UK based Centre for Excellence in Teaching and Learning through Design. By examining over 40 projects, ranging in focus from design students' use of archives and museum collections to the potential of specific technologies to enhance teaching and learning, Design Education explores aspects of learning and teaching in higher education design subjects, from architecture and 3D design through to fashion and graphic design.
