Prehistoric herders and foragers of the Kalahari: the evidence for 1500 years of interaction / James R. Denbow -- 8. The !Kung in the Kalahari exchange: an ethnohistorical perspective / Robert J. Gordon -- 9. Ideological continuities in prehistoric Southern Africa: the evidence of rock art / J. David Lewis-Williams -- 10. To find ourselves: art and social geography of prehistoric hunter gatherers / Margaret W. Conkey. |
| Sommario/riassunto | This volume shows how hunter gatherer societies maintain their traditional lifeways in the face of interaction with neighboring herders, farmers, and traders. Using historical, anthropological and archaeological data and cases from Africa, Australia, and Southeast Asia, the authors examine hunter gatherer peoples-both past and |

present--to assess these relationships and the mechanisms by which hunter gatherers adapt and maintain elements of their culture in the wider world around them.
