Sommario/riassunto	Focusing on the social construction of morality, The Ethnography of Moralities discusses a topic which is complex but central to the study and nature of anthropology. With the recent shift towards an interest in indigenous notions of self and personhood, questions pertaining to the moral and ethical origins of beliefs relating to human rights become increasingly relevant. Some of the questions that the contributors address are: * How is the ethical knowledge grounded? * Which social domains most profoundly articulate moral values and which are most affected?* Who defin
