## Sommario/riassunto

This book offers the most comprehensive analysis yet of the ASEAN Regional Forum (ARF), which remains the foremost dialogue forum for the promotion of cooperative security in the Asia-Pacific. Contributors focus on the perspectives and roles of the key players in the ARF - ASEAN, the United States, China, Japan, and Australia - and discuss to what extent these participants have shaped the Forum's institutional development and affected its achievements and prospects against the backdrop of the evolving regional security architecture. They also examine in depth how participants
