People, Places, and Political Violence: Some Concluding Comparisons; Appendix 1: Methodology and Data Appendix 2: Survey for Sinn Fein ActivistsNotes; References; Index
Sommario/riassunto	Why do some militant nationalists turn to electoral politics while others resist-and even seek to destroy-that arena? Cynthia L. Irvin examines two cases of electoral interventions by nationalist organizations engaged in violent political competition: in Northern Ireland and in the Basque provinces of Spain. Through her research, she offers important

insights into these insurgent organizations' adoption of different strategies--from armed struggle to parliamentary politics.
