| Nota di bibliografia | Includes bibliographical references and index. |
| Nota di contenuto | section 1. Introduction -- section 2. Trends in teaching and education -- section 3. Trends in research. |
| Sommario/riassunto | This book draws out and examines the trends in education and research in the field of library and information science (LIS) in the vast Asia-Oceania region. Information is an important part of the human condition and critical to the development of the Asia-Oceania region. The book is timely, therefore, as the region continues to grow and develop. |
