Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Description based upon print version of record.
Nota di bibliografia	Includes bibliographical references.
Nota di contenuto	pt. 1. Logic and language -- pt. 2. Language and context.
Sommario/riassunto	What is language, and how has it been conceived since Frege? How did the development of thought about language lead to a renewed interest in rhetoric in the twentieth century and ultimately to the 'problematological synthesis'? These are the main questions treated in this book. A constant intertwining of historical and topical viewpoints characterizes the author's approach.
