Sommario/riassunto	This book looks at the issues facing teachers and trainers currently working in the field of post compulsory education including questions of vocationalism, managerialism, professionalism, accountability, and educational research. Although aimed in part at raising awareness of such issues and the contrasting views which might be held it is intended that readers will use the book to develop an active engagement with these issues. This may be achieved through reflection and evaluation within their own professional context but also through embarking on their own research projects. The book is spl
