Nota di bibliografia	Includes bibliographical references and index.
Nota di contenuto	Cover; Half Title; Title; Copyright; Acknowledgements; Contents; Chapter 01; Chapter 02; Chapter 03; Chapter 04; Chapter 05; Chapter 06; Chapter 07; Chapter 08; Bibliography; Index
Sommario/riassunto	This book offers a fresh approach to the experience of childhood cancer. To date research in this area this has been dominated by approaches which are limited in their capacity to understand fully the experience of childhood cancer. In concentrating largely on families who experience psychological problems arising from childhood cancer, they render uninteresting other experiences, including the experiences of children and parents who do not experience lasting psychological difficulties. Our book suggests that the experience of childhood cancer cannot be understood without considering key socia
