Autore	Russell Emily <1979->
Titolo	Reading embodied citizenship [[electronic resource]] : disability, narrative, and the body politic / / Emily Russell
Pubbl/distr/stampa	New Brunswick, N.J., : Rutgers University Press, 2011
ISBN	1-283-86418-5 0-8135-4990-6
Descrizione fisica	1 online resource (264 p.)
Collana	American Literatures Initiative
Disciplina	813/.540935287
Soggetti	American fiction - 20th century - History and criticism Human body in literature People with disabilities in literature National characteristics, American, in literature Human body - Political aspects - United States Electronic books.
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Description based upon print version of record.
Nota di bibliografia	Includes bibliographical references and index.
Nota di contenuto	Introduction -- Domesticating the exceptional: Those extraordinary twins and the limits of American individualism -- Marvelous and very real: the grotesque in The heart is a lonely hunter and Wise blood -- The uniform body: spectacles of disability and the Vietnam War -- Conceiving the freakish body: reimagining reproduction in Geek love and My year of meats -- Some assembly required: the disability politics of Infinite jest -- Conclusion: inclusion, fixing, and legibility.
Sommario/riassunto	Liberal individualism, a foundational concept of American politics, assumes an essentially homogeneous population of independent citizens. When confronted with physical disability and the contradiction of seemingly unruly bodies, however, the public searches for a story that can make sense of the difference. The narrative that ensues makes "abnormality" an important part of the dialogue about what a genuine citizen is, though its role is concealed as an exception to the rule of individuality rather than a defining difference. Reading Embodied Citizenship brings disability to the forefront, illuminating its role in constituting what counts as U.S. citizenship. Drawing from major

figures in American literature, including Mark Twain, Flannery O'Connor, Carson McCullers, and David Foster Wallace, as well as introducing texts from the emerging canon of disability studies, Emily Russell demonstrates the place of disability at the core of American ideals. The narratives prompted by the encounter between physical difference and the body politic require a new understanding of embodiment as a necessary conjunction of physical, textual, and social bodies. Russell examines literature to explore and unsettle long-held assumptions about American citizenship.
