Sommario/riassunto	An actor, a vaudevillian, and a dramatist before he became a filmmaker, D. W. Griffith used the resources of theatre to great purpose and to great ends. In pioneering the quintessentially modern medium of film from the 1890's to the 1930's, he drew from older, more broadly appealing stage forms of melodrama, comedy, vaudeville, and variety. In Stagestruck Filmmaker, David Mayer brings Griffith's process vividly to life, offering detailed and valuable insights into the racial, ethnic, class, and gender issues of these transitional decades.
