The privatization of coast guard services -- pt. 4. Private security responses to maritime terrorism -- pt. 5. Conclusions and future directions.
Sommario/riassunto	This book examines the evolution, function, problems and prospects of private security companies in the maritime sector. The private security industry continues to evolve after its renaissance over the past few decades, first in Africa, and later in Iraq and Afghanistan. Despite this, little academic work has been done to date on the role of private security in the maritime environment. This lacuna has become more

pronounced as the threat of piracy, terrorism, and other acts of maritime political violence have caused littoral states and commercial entities alike to consider the use o
