Sommario/riassunto	How can novice e-learning researchers and postgraduate learners develop rigorous plans to study the effectiveness of technology-enhanced learning environments? How can practitioners gather and portray evidence of the impact of e-learning? How can the average educator who teaches online, without experience in evaluating emerging technologies, build on what is successful and modify what is not? By unpacking the e-learning lifecycle and focusing on learning, not technology, Evaluating e-Learning attempts to resolve some of the complexity inherent in evaluating the effect

Sommario/riassunto	Because story times are essential components of library service to children and in such demand, in many libraries, even librarians who have never done story time before are being asked to step into that role. Story Time Success: A Practical Guide for Librarians is comprehensive handbook which can help any librarian learn to promote, plan, and perform story times even with no prior training or experience. Veterans and beginners alike will find many useful pointers for establishing and improving their story time skills and repertoires.
