Sommario/riassunto

This book provides a basic guide to the US military and will raise questions for further discussion by students and other curious readers. The US Military provides an accessible starting-point for those with a limited knowledge of this institution. Covering a wide range of subject matter, and ending with an extensive list of suggested resources to aid individual study and research, the text is divided into the following chapters: The A, B, C Strategy and Doctrine The Military in Action Weapons and Capabil
