Sommario/riassunto	In the recent past, Islamic finance has made an impressive case on the banking scene by becoming an alternative to the popular conventional financial systems, spurring a lively academic debate on how the Islamic finance industry can expand its services to cover the poor. Several propositions have been aired which suggest that the Islamic finance industry should consider developing an efficient Shari'a compliant microfinance model. This book brings together original contributions from leading authorities on the subject of Shari'a Compliant Microfinance (Islamic Microfinance) to propos
