Sommario/riassunto	This book examines the problems of boundary demarcation and its impact on territorial disputes, and offers techniques to manage and resolve the resulting conflicts. Historically, most civil conflicts and internal wars have been directly related to boundary or territorial disputes. Cross-border discord directly affects the sustenance and welfare of local populations, often resulting in disease, impoverishment, and environmental damage as well as creating refugees. Although the impact of territorial disputes is great, they can often be settled through bilateral, and sometimes multilater
