Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Title from publisher's bibliographic system (viewed on 05 Oct 2015).
Nota di bibliografia	Includes bibliographical references (p. 609-616) and index.
Nota di contenuto	Introduction to the revised edition -- 1. Background: a brief history -- 2. The idea of 'transfer' in Zionist thinking before 1948 -- 3. The first wave: the Arab exodus, December 1947 - March 1948 -- 4. The second wave: the mass exodus, April-June 1948 -- 5. Deciding against a return of the refugees, April-December 1948 -- 6. Blocking a return -- 7. The third wave: the Ten Days (9-18 July) and the second truce (18 July-15 October) -- 8. The fourth wave: the battles and exodus of October-November 1948 -- 9. Clearing the borders: expulsions and population transfers, November 1948-1950 -- 10. Solving the refugee problem, December 1948-September 1949.
Sommario/riassunto	Benny Morris' The Birth of the Palestinian Refugee Problem was

published in 1988. Its startling revelations about how and why 700,000 Palestinians left their homes and became refugees during the Arab-Israeli war in 1948 undermined traditional interpretations as to whether they left voluntarily or were expelled as part of a systematic plan. This book represents a revised edition of the earlier work, compiled on the basis of newly-opened Israeli military archives. While the focus remains the 1948 war and the analysis of the Palestinian exodus, the new material contains more information about what happened in Jerusalem, Jaffa and Haifa, and how events there led to the collapse of Palestinian urban society. It also sheds light on the battles and atrocities that resulted in the disintegration of rural communities. The story is a harrowing one. The refugees now number four million and their existence remains a major obstacle to peace.
