Livello bibliografico	Monografia
Note generali	Title from publisher's bibliographic system (viewed on 05 Oct 2015).
Nota di bibliografia	Includes bibliographical references (p. 255-267) and index.
Nota di contenuto	Auspices -- Pride and prejudice : a politics of the picturesque -- Northanger Abbey and the liberal historians -- Sense and sensibility and the philosophers -- Diffraction -- Mansfield Park : charting the religious revival -- Emma, and the flaws of sovereignty -- Persuasion : light on an old genre -- Sanditon and speculation.
Sommario/riassunto	Jane Austen was received by her contemporaries as a new voice, but her late twentieth-century reputation as a nostalgic reactionary still lingers on. In this radical revision of her engagement with the culture and politics of her age, Peter Knox-Shaw argues that Austen was a writer steeped in the Enlightenment, and that her allegiance to a sceptical tradition within it, shaped by figures such as Adam Smith and David Hume, lasted throughout her career. Knox-Shaw draws on archival and

other neglected sources to reconstruct the intellectual atmosphere of the Steventon Rectory where Austen wrote her juvenilia, and follows the course of her work through the 1790s and onwards, showing how minutely responsive it was to the many shifting movements of those turbulent years. *Jane Austen and the Enlightenment* is an important contribution to the study both of Jane Austen and of intellectual history at the turn of the nineteenth century.
