A Snapshot of China's Hazardous Waste Management and Cleaner Production Programs; Chapter 9 Sandy Desertification in Northern China; Chapter 10 China's Environment A Bibliographic Essay; About the Editor and Contributors; Index

Sommario/riassunto

As a result of its economic growth in recent years China is facing a pressing issue: balancing its economic development needs with protecting its environmental resources. This book covers a broad range of topics, from specific environmental assessments in key sectors (i.e. desertification) to the policy implications of China's entry into the WTO.
