Native Oral History, Iconography, and Earthworks on the Upper Purus River; 15. Ethnogenesis at the Interface of the Andes and the Amazon; 16. Ethnogenesis and Interculturality in the "Forest of Canelos" 17. Captive Identities, or the Genesis of Subordinate Quasi-Ethnic Collectivities in the American Tropics 18. Afterword; Contributors; Index

Sommario/riassunto

"A major contribution to Amazonian anthropology, and possibly a direction changer." -J. Scott Raymond, University of Calgary A transdisciplinary collaboration among ethnologists, linguists, and archaeologists, *Ethnicity in Ancient Amazonia* traces the emergence, expansion, and decline of cultural identities in indigenous Amazonia. Hornborg and Hill argue that the tendency to link language, culture, and biology--essentialist notions of ethnic identities--is a Eurocentric bias that has characterized largely inaccurate explanations of the distribution of ethnic groups and lan
