Nota di contenuto	pt. 1. Andrew Kirk : his life and work -- pt. 2. What is a mission? -- pt. 3. Truth in a pluralistic world -- pt. 4. Culture, education and religion.
Sommario/riassunto	This book, stimulated by Andrew Kirk's mission theology, explores current reflections on a wide range of issues including: poverty and injustice, environmentalism, secularism, the place of scripture in a pluralist culture, science and faith, liberation theology, oppression and reconciliation, and much more. Kirk's influence and reputation is international and the Latin American mission has been especially enriched by his innovative thinking on revolutionary politics, contextualisation and holistic mission. This is an indispensable resource of up-to-date missiological reflections for all involv

Macroeconomics is Good for Making Sense of the Macroeconomy -- 29
Teaching Macroeconomic Methodology -- Name Index -- Index.

Sommario/riassunto

"The present macroeconomic crisis has demonstrated that a deeper understanding of the importance of relevant macroeconomic theories and methods is wanting. Additionally, lack of methodological awareness is behind much of the disagreement within macroeconomics which, looked upon from outside, often appears incomprehensible. The Handbook will give a structured presentation of the study of principles and procedures by which macroeconomics is researched, taught and communicated both within academia and to a wider audience, and why specific theories, research strategies and teaching are preferred. The principles of selecting theory relevant to real-world problems are the core of methodology. This book will contain a broad range of arguments behind theory construction and appraisal and the consequences of these choices within the field of macroeconomics. An international range of experts provide clear analysis of key concepts, ideas and principles to give academics, students and others a better understanding of the macroeconomics behind policy conclusions which are put forward at different levels"--
