	Nota di contenuto	About the Author; List of abbreviations; Preface and acknowledgements; Introduction; 1 Accountability: ideas, ideals, constraints; The Athenian republics and modern representative governments; Some broad characteristics of representative government: problems for accountability; Conceptualizing accountability; Criteria and conditions for ex-ante accountability; Some obligations of just representation; Criteria and conditions for ex-post accountability; Ex-ante and ex-post accountability: some inherent and contingent constraints; Multi-linked chains of accountability. Understanding relational accountability2 'Citizenships' and relational accountability; On citizenship; Three traditions in citizenship thought; Contemporary citizenship theories: linking three traditions; Beyond the three traditions and 'muddying' them a bit; Differentiated citizenships, differentiated accountability; 3 Power, citizenships and inequalities of

| Sommario/riassunto | Accountability is a central but vague term in development; there is little consensus on what it is or on the best way to achieve it. Relational Accountability uses case studies from Jamaica, Haiti and Uganda to argue that accountability is much more than a managerial concept; it is deeply social and political. The result is a unique, coherent perspective that will both explain and debunk this important concept. |
