| Sommario/riassunto | Earlier films were seen for the purpose of entertainment but scenario has been changed now. Today's, films are not seen only for entertainment but they have a great impact on the thinking of human and also make them capable to understand and handle these situations. Further, films can also focus and maintain philosophical reflection on important aspects of human experience and the ethical theory that is meant to inform it. Similarly, this book teaches us about the ethics of care. The book titled as "Feminist ethics in film: Reconfiguring care through cinema, which examines the ways in which po |

| Sommario/riassunto | When considering the structure of New Englishes which have evolved in - multilingual, mostly post-colonial - contexts of Asia (thus, Asian Englishes), the significant factors to be considered are: 1) the variety/ies of the English lexifier that entered the local context; 2) the nature of transmission of English to the local population; and 3) the local, i.e. substrate, languages of the community in which the New English emerges. This third factor is the focus of the five papers in this volume: they investigate the structure of Asian varieties of English by exploring the relationship between th |

Sommario/riassunto

The oath was an institution of fundamental importance across a wide range of social interactions throughout the ancient Greek world, making a crucial contribution to social stability and harmony; yet there has been no comprehensive, dedicated scholarly study of the subject for over a century. This volume of a two-volume study explores the nature of oaths as Greeks perceived it, the ways in which they were used (and sometimes abused) in Greek life and literature, and their inherent binding power.
