Sommario/riassunto	In Farmers and the State in Colonial Kano, Steven Pierce examines issues surrounding the colonial state and the distribution of state power in northern Nigeria. Here, Pierce deconstructs the colonial state and offers a unique reading of land tenure that challenges earlier views of the role of indirect rule. According to Pierce, land tenure was the means the colonial government used to rule the local population and extract taxes from them, but it was

also a political logic with a fundamental flaw and a

Sommario/riassunto	This book contains selected revised full papers from the 15th International Workshop on Electromagnetic Nondestructive Evaluation (ENDE), which was held in Szczecin, Poland, in June 2010. This annual workshop aims to bring together scientists researching various aspects of ENDE and engineers with experience of practical problems and industrial applications in the field. The 15th workshop attracted ninety

nine participants from eleven European countries and from Algeria, Australia, Brazil, China, India, Japan, Korea and the United States. They reflect this aim, as well as the importance of the
