Sommario/riassunto	This is the first in a new series of biennial reports that aim to map social security coverage globally, to presenting various methods and approaches for assessing coverage, and to identifying gaps in coverage. Backed by much comparative statistical data, this first report takes a comprehensive look at how countries are investing in social security, how they are financing it, and how effective their approaches are. The report examines the ways selected international organizations (the EU, OECD and ADB) monitor social protection and the correlation of social security coverage and the ILO Decent
