Sommario/riassunto	With particular focus on the Asia-Pacific region, this book examines the rise and fall of sea powers. In the Asia-Pacific region there has been significant expansion of sea-based economies together with burgeoning naval power. Many claim that these processes will transform the world's future economic and security relationships. The book addresses the question of to what extent the notion of 'Asia rising' is reflected by and dependent on its developing sea power. A central theme is the Chinese challenge to long-term Western maritime ascendancy and what might be the consequences of this
