Sommario/riassunto

This is the third in a continuing series of papers presented at the annual meetings of the Arabic Linguistic Society whose primary purpose is to provide a forum for the study of Arabic within current approaches in linguistics. The volume includes a section on Arabic in relation to other languages, with papers ranging from the importance of Arabic to general linguistic theory, and guttural phonology to Arabic loanwords in Acehnese, verbless sentences in Arabic and Hebrew, and a contrastive study of middle and unaccusative constructions in Arabic and English. In the second section of the book, "
