on the irrelevance of knights / Michael O'Brien.

Sommario/riassunto

In Britain and the American South: From Colonialism to Rock and Roll, historians analyze central aspects of the cultural exchanges between Britain and the American South. Along with the Spanish and the French, the British were among the first Europeans to have contact with the native peoples in what would come to be known as the American South. During the seventeenth and eighteenth centuries, the British were intensively engaged in colonizing much of the region and developing its economy. The American Revolution severed the governmental links between Britain and its Southern colonies, but econ
