Sommario/riassunto	In this work of travel and adventure, Bolz recounts a journey he took in 1958, retracing the voyageurs' route from Grand Portage on Lake Superior through the Quetico-Superior country to Rainy Lake. His canoe and paddle served as a time machine as he re-created a trip first taken centuries ago. Today's adventurers of the north country will treasure this classic, an ideal guidebook for the region's remarkable past.
