The numbers are staggering; the methods of killing were unspeakable. Utilizing personal interviews with trauma survivors living in Rwandan cities, towns, and dusty villages, We Cannot Forget relates what happened during this period and what their lives were like both prior to and following the genocide. Through powerful stories that are at once memorable, disturbing, and informative, readers gain a critical sense of the tensions

and violence that preceded the genocide, how it erupted and was

carried out, and what these people faced in the first sixteen years following the genocide.
