

1. Record Nr.	UNINA9910457947303321
Autore	Lane Jan-Erik
Titolo	Culture and politics / / Jan-Erik Lane and Uwe Wagschal
Pubbl/distr/stampa	Milton Park, Abingdon, Oxon [England] ; ; New York : , : Routledge, , 2012
ISBN	1-299-69339-3 1-136-65023-7 0-203-80574-7
Descrizione fisica	1 online resource (313 p.)
Altri autori (Persone)	WagschalUwe
Disciplina	306.2
Soggetti	Politics and culture Political science Electronic books.
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Description based upon print version of record.
Nota di bibliografia	Includes bibliographical references and index.
Nota di contenuto	Culture and Politics; Copyright; Contents; List of figures; List of tables; Foreword; List of abbreviations; Introductory chapter: on cultural analysis of politics; PART I On the methodology of cultural analysis; 1 Cultural enquiry: scientific objectivity and ethical neutrality; 2 Cultural studies: subjectivism and 'Verstehen'; PART II Elements of culture; 3 Ethnicity; 4 Religion; 5 Tradition; 6 Religion or tradition: the lack of modernization in the Arab world; PART III Research into value-orientations: some critiques; 7 Methodology for the enquiry into value-orientations 8 Gender and homosexuality 9 Basic value-orientations; 10 Social capital: identification of the concept(s); 11 Ambiguity of post-materialism; 12 What are self-expression or emancipatory values?; PART IV Exploration into new values; 13 Happiness or life satisfaction; 14 Culture and ecology; 15 Globalization values; 16 Culture and conflicts; 17 Causes of cultural conflicts; 18 New aspects of the attitudes towards homosexuality and gender; Appendix 8.1; Bibliography; Index
Sommario/riassunto	This concise, accessible text presents an overview of the relevance of culture for politics. Culture figures prominently in the theories of the

great classics such as Marx, Durkheim and Weber. Recently, the cultural approach to politics has developed quickly, and the concept of political culture has played a role in these developments, particularly given the emergence of large-scale survey research into political value orientations. Seeking to outline this rapid development, the book is divided into three sections: Section I of the book discusses the relevance of culture

**Nota di contenuto**

Intro -- Preface of the Book of Proceedings of the Virtual Conference on Chemistry and its Applications (VCCA-2020) -- Contents -- List of contributing authors -- 1 Green synthesis of silver nanoparticles from Catunaregam tomentosa extract -- 2 Health and exposure risk assessment of heavy metals in rainwater samples from selected locations in Rivers State, Nigeria -- 3 Social media and learning in an era of coronavirus among chemistry students in tertiary institutions in Rivers State -- 4 Accumulation and health effects of metals in selected urban groundwater -- 5 Evaluation of the Chemistry curriculam at the lower secondary level: feedback from educators -- 6 Polymers, plastics, & more - educating post-secondary students from different disciplines with polymer science -- 7 Influence of lime (CaO) on low temperature leaching of some types of bauxite from Guinea --

8 Contribution of the volatile components from fresh egg, adult female and male of Pestarella tyrrhena to odour production -- 9 Quadrupole inductively coupled plasma mass spectrometry and sector field ICP-MS: a comparison of analytical methods for the quantification of As, Pb, Cu, Cd, Zn, and U in drinking water -- 10 Design of locally sourced activated charcoal filter from maize cob for wastewater decontamination: an approach to fight waste with waste -- 11 Advances in polymeric ionic liquids-based smart polymeric materials: emerging fabrication strategies -- Index.

---

**Sommario/riassunto**

Based on "The Virtual Conference on Chemistry and its Applications (VCCA-2020) – Research and Innovations in Chemical Sciences: Paving the Way Forward" held in August 2020 and organized by the Computational Chemistry Group of the University of Mauritius. The chapters reflect a wide range of fundamental and applied research in the chemical sciences and interdisciplinary subjects.
