Sommario/riassunto	In recent years most western democracies have experienced a shift from elite to mass higher education, with the United States leading the way. This text compares the experience of this very important social change within different nation states. Whilst recognising the critical global economic forces that appear to explain the international nature of the change, it sees the issues as rooted within different national traditions. There is a particular focus upon the discourse of access, especially the political discourse. The book addresses questions such as: * How has expansion been explai
