Lingua di pubblicazione Inglese **Formato** Materiale a stampa Livello bibliografico Monografia Note generali Description based upon print version of record. Cover: Contents: Introduction: The British Model and the German Road: Nota di contenuto Rethinking the Course of German History Before 1914; The Discreet Charm of the Bourgeoisie: Reappraising German History in the Nineteenth Century; Bibliographical Note; Index A well-written, stimulating...piece of scholarship. In a major re-Sommario/riassunto evaluation of the cultural, political, and sociological assumptions about the ""peculiar"" course of modern German history, the authors challenge the widely-held belief that Germany did not have a Westernstyle bourgeois revolution. Contending that it did indeed experience one, but that this had little to do with the mythical rising of the middle class, the authors provide a new context for viewing the tensions and

instability of 19th-and early 20th-century Germany.
