Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	English, French, or German.
Nota di bibliografia	Includes bibliographical references.
Nota di contenuto	pt. 1. Methodological questions -- pt. 2. Problems in Indo-European syntax.
Sommario/riassunto	The aim of the colloquium, from which this volume derives, was to bring together approaches from general linguistics and language reconstruction, to show how these can benefit from each other. Although the focus was on Indo-European languages, other language families were present in the discussion, as typological insights may provide useful parallels to IE phenomena and problems. At the core of the discussion was the methodological problem of induction vs deduction.
