| Sommario/riassunto      | This new edition of Carl Richard Lepsius's Standard Alphabet reproduces the text of the second, enlarged, edition of 1863. The extensive Introduction by J. Alan Kemp places it in its historical setting                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                       |

and provides comments on the phonetic basis for the Alphabet and the notation.
