## Sommario/riassunto

Featuring new critical essays by scholars from Europe, South America, and the United States, *At Home and Abroad* presents a wide-ranging look at how whiteness-defined in terms of race or ethnicity-forms a category toward which people strive in order to gain power and privilege. Collectively these pieces treat global spaces whose nation building and identity formation have turned on biological and genealogical exigencies to whiten themselves. Drawing upon racialized, national practices implemented prior to and during the twentieth century, each of the essays enlists literature or per
