Nota di contenuto	Contents; Introduction: Giving and Thinking; 1. The Return of the Gift; 2. Squandering; 3. The Theo-Economics of God; 4. How Giving Works; Notes; Index
Sommario/riassunto	Theories of generosity, or gift giving, are becoming increasingly important in recent work in philosophy and religion. Stephen Webb seeks to build on this interest by surveying a distinctively modern and postmodern approach to the issue of generosity and developing a theological framework for it.
