| Sommario/riassunto      | This innovative book examines changes in family practices and paid work in the 21st century. Focusing on highly qualified mothers who combine childcare with employment, it makes a valuable contribution to current debates. It also takes into account the views of fathers, making it a rounded study of family practice in the new millennium. Hard Labour puts forward some new and thought-provoking arguments about both mothers' and fathers' commitments to parenting and paid work. The first part of the book provides an up-to-date, comprehensive and readable overview of the literature on motherhood, fa |
