M. Coetzee's Waiting for the Barbarians and In the Heart of the Country; References; Index
Sommario/riassunto	In this groundbreaking work, Bill Ashcroft extends the arguments posed in The Empire Writes Back to investigate the transformative effects of postcolonial resistance and the continuing relevance of colonial struggle. He demonstrates the remarkable capacity for change and adaptation emanating from postcolonial cultures both in everyday

life and in the intellectual spheres of literature, history and philosophy. The transformations of postcolonial literary study have not been limited to a simple rewriting of the canon but have also affected the ways in which all literature can be read and have le
