Sommario/riassunto	This e-book examines education, training and learning in Small and Medium Sized Enterprises (SMEs) operating in both industrially developed and developing countries. It also includes articles on entrepreneurship education and entrepreneurial knowledge creation. The articles within cover topics such as enterprise education, SMEs, and teamwork, as well as Investors in People (IIPs), Small Ethnic Minority Businesses (SEMBs) and the Technology Enhanced Enterprise Education project (TE3). The e-book details an ever-expanding field of research and of growing interest and relevance to a large and var
