Note generali	Description based upon print version of record.
Sommario/riassunto	To maximise the value of your research, you need to communicate it to others. There are many ways to do so: examples include applications and bids for funding, conference presentations, gray literature, journal papers, media (old and new), public talks, and teaching. This book provides fresh, creative, ways of making the most of these and other opportunities. It provides 53 practical suggestions, each based on ideas tried and tested by the contributors.

Livello bibliografico	Monografia
Sommario/riassunto	<p>The warm and moving new novel from the No. 1 Bestselling author of Always and Forever. Keep a secret too long and it will creep out when you least expect it... Behind the shining windows and rose-decked gardens of Summer Street, there are lots of secrets. There's the one that hard-working single mother, Faye, hides from her teenage daughter, Amber. And there's the one that thirty-year-old Maggie hides from herself. When fiery Amber decides to throw away her future for love, and when Maggie ends up back home looking after her sick mother, their secrets begin to bubble over. The only person on Summer Street who appears to know all the answers is their friend Christie. Wise and kind, she can see into other people's hearts to solve their problems. Except that this time, the secrets she's hidden from her beloved husband and grown up sons suddenly reappear. When the past comes alive for Maggie, Faye and Christie, they finally have to face it.</p>
