Nota di contenuto	Meeting Ana Petrovna and others -- The practice and theory of personal subsidiary farming in Soviet and Russian agriculture -- The geographical diversity of rural household production -- The environmental resources of rural people's farms -- Household production and the large farm sector -- Ethno-cultural differentiation in household production -- Household production's nearest neighbours : small and independent farming in the Russian countryside -- Household food production -- What next?
Sommario/riassunto	In this text, the authors draw on extensive field work that took them over a five year period to a variety of Russian regions. By describing the forms of small farming they found in these regions, the authors uncover Russia's 'unknown agriculture', and speculate about the role it will have in Russia's future.
