| Nota di contenuto       | Preface; Introduction; Questionnaire Design and Target Researchers; Results of the Survey; Discussion; References; Appendix 1: Specialisms; Appendix 2: Regions; Appendix 3: The Questionnaire                                                                                                      |
| Sommario/riassunto      | The information reported in this book is based on a survey of more than 100 biopesticide research workers in developing countries. The results demonstrate that the main difficulties and constraints facing researchers related to a lack of expertise in the crucial later stages of development. |
