

1.	Record Nr.	UNIPARTHENOE000026496
	Autore	Massel, Stanislaw R.
	Titolo	Hydrodynamics of coastal zones / Stanislaw R. Massel
	Pubbl/distr/stampa	Amsterdam : Elsevier, 1989
	Titolo uniforme	Hydrodynamics of coastal zones
	ISBN	0-444-87375-9
	Descrizione fisica	XII, 336 p. : ill. ; 25 cm.
	Collana	Elsevier oceanography series ; 48
	Disciplina	532.593
	Collocazione	DISAM 551.457/8
	Lingua di pubblicazione	Inglese
	Formato	Materiale a stampa
	Livello bibliografico	Monografia
2.	Record Nr.	UNINA9910458492203321
	Autore	Mehlenbacher Brad
	Titolo	Instruction and technology : designs for everyday learning / / Brad Mehlenbacher
	Pubbl/distr/stampa	Cambridge, Massachusetts : , : MIT Press, , c2010 [Piscataway, New Jersey] : , : IEEE Xplore, , [2010]
	ISBN	1-282-89926-0 9786612899263 0-262-28963-6
	Descrizione fisica	1 online resource (515 p.)
	Disciplina	371.33/4
	Soggetti	Education - Computer network resources Internet in education Electronic books.
	Lingua di pubblicazione	Inglese
	Formato	Materiale a stampa
	Livello bibliografico	Monografia

Note generali	Bibliographic Level Mode of Issuance: Monograph
Nota di bibliografia	Includes bibliographical references and index.
Sommario/riassunto	<p>The perpetual connectivity made possible by twenty-first-century technology has profoundly affected instruction and learning. Emerging technologies that upend traditional notions of communication and community also influence the ways we design and evaluate instruction and how we understand learning and learning environments. In <i>Instruction and Technology</i>, Brad Mehlenbacher offers a detailed, multidisciplinary analysis of the dynamic relationship between technology and learning. Mehlenbacher describes how today's ubiquitous technology conflates our once separated learning worlds--work, leisure, and higher educational spaces. He reviews the ongoing cross-disciplinary conversation about learning with technology and distance education and examines a dozen models of instruction and learning with technology drawn from peer-reviewed research. Taking an integrative perspective toward design, Mehlenbacher offers a framework for everyday instructional situations, describing five interdependent dimensions: learner background and knowledge, learner tasks and activities, social dynamics, instructor activities, and learning environment and artifacts. The technologies that distribute today's classroom across time and space call for a new discussion about what we value in the traditional classroom. [Rather than simply offering recipes for creating online instruction,] with <i>Instruction and Technology</i> Mehlenbacher lays the groundwork for the long-term multidisciplinary investigation that will be required as researchers and practitioners shape and extend the boundaries of this emerging field.</p>

3.	Record Nr.	UNINA9910793470303321
	Autore	Brumby John
	Titolo	The long haul : lessons from public life / / John Brumby
	Pubbl/distr/stampa	Carlton, Victoria : , : Melbourne University Press, , 2015
	ISBN	0-522-86854-1
	Descrizione fisica	1 online resource (xiii, 257 pages, 12 unnumbered pages of plates) : illustrations
	Disciplina	329.994
	Soggetti	Political leadership - Australia

Mining Can Be Environmentally and Socially Responsible-and Still Profitable Even in this regulated, environmentally aware world, running a mine can be done safely, with combined goals of maximizing both the return on investment from extraction and the positive environmental and social impact that a well-run, responsible mine can offer. Responsible Mining is your comprehensive guide to addressing social and environmental risks at mines in the developed world. This book gathers case studies of best practices across the full range of issues. With examples from four continents, you can learn from
