Board of Education (1954, 1955): The Drafting Process in a Landmark Case
	Sommario/riassunto	An important contribution to constitutional literature, this collection of ten unpublished decisions by the Warren Court puts the decision making process of the Supreme Court in a new light. By following the major changes that occur in each case from the circulation of tentative majorityopinions to the final issuance of opinion, the book portrays how the justices communicate with each other and how they are

influenced by each other's arguments. Interpretations and commentaries by the author illuminate the significance of each case and provide insight into the different judicialphilosophies a
