Nota di contenuto	Book Cover; Title; Contents; Preface; Introduction; Past, present and future; Truths and truthmakers; Tokens and times; The presence of experience; Time and space; Thinking in time; McTaggart's proof; Change; Events, facts and causation; Causation and time; The direction of time; The linearity of time
Sommario/riassunto	Real Time II extends and evolves DH Mellor's classic exploration of the philosophy of time, Real Time. This new book answers such basic metaphysical questions about time as: how do past, present and future differ, how are time and space related, what is change, is time travel possible? His Real Time dominated the philosophy of time for fifteen years. Real Time II will do the same for the next twenty. GET /english/edu/Studying_at_SU/History_of_Literature.html HTTP/1.0
