Sommario/riassunto	A detailed study of the education and training of information professionals in China, including the People's Republic, Hong Kong, Macau, and Taiwan, offering insights into history, the present situation,

and future scenarios. Chapters concentrate on educational and pedagogical matters in an apolitical fashion. Subjects include history of library science education, employment conditions of library school educators, and international cooperation in library science education. Includes a directory of library and information programs of higher education and a list of library conferences in China.
