Sommario/riassunto	Desmond Bernal - or 'Sage', as he was known, was an extraordinary man by any account - a brilliant scientist, a fervent Marxist, and a colourful, bohemian figure. This biography includes previously unpublished material from his diaries, and sheds new light on his international influence during both WWII and the ensuing peace movement. - ;J. D. Bernal, known as 'Sage', was an extraordinary man and multifaceted character. A scientist of dazzling intellectual ability and a leading figure in the development of X-ray crystallography, he was a polymath, a fervent Marxist, and much admired worldwide.
