Sommario/riassunto

This paper focuses on Cyprus Fourth Review Under the Extended Arrangement Under the Extended Fund Facility (EFF) and Request for Modification of Performance Criteria. The program remains on track. Fiscal targets for the first quarter were met with considerable margins, domestic payment restrictions were fully lifted, and the coop sector was consolidated. The authorities intensified efforts to overcome delays in the implementation of structural measures. There are three key policy challenges: (1) addressing the high level of nonperforming loans; (2) maintaining fiscal sustainability; and (3)

Sommario/riassunto	In this book, Peter Brunette analyzes the theatrical releases of Austrian film director Michael Haneke, including The White Ribbon, winner of the 2009 Palme d'Or at the Cannes Film Festival. Perhaps best known to U. S. audiences for Cache, The Piano Teacher, and his remake of his own disturbing Funny Games, Haneke has consistently challenged critics and film viewers to consider their own responsibility for what they watch when they seek to be "merely" entertained by such studio-produced Hollywood thrillers. Brunette highlights Haneke's brilliant use of uncompromising visual and aural techniques to express complex themes. His most recent films contain what has become his hallmark: a moment of violence or shock that is not intended to be exploitative, but that nevertheless goes beyond the conventional boundaries of most art cinema. Lauded for graphically revealing the powerful influence of contemporary media on social behavior, his films offer a chilling critique of contemporary consumer society. Brunette discusses

Haneke's major releases in English, French, and German, including the film that first brought him to international attention, *Benny's Video*. The first full-length study of Haneke's work in any language, this book also includes an interview with the director that explores his motivations and methods.
